H2O mop x5 steam cleaner manual

1. KB-6622V IMPORTANT SAFETY INFORMATION READ ALL INSTRUCTIONS BEFORE USING STEAM CLEANER. USE ONLY AS DIRECTED. 2. USER'S GUIDE USER'S GUIDE THANK YOU NOTES: Congratulations on your choice of the H2O MOP X5™, a new more compact and lighter steam cleaner with a detachable hand-held steamer. The H2O MOP X5™ is a new way of cleaning that is effective and far more hygienic than conventional methods. The H2O MOP X5™ achieves a high degree of hygiene and increases cleaning power by converting water to steam using a microfibre floor cloth to enhance absorbency. When contact is made with floor surfaces, dirt and grime can be eliminated in a matter of seconds. Since the H2O MOP X5™ uses the active power of steam without the use of detergents or soap, it is environmentally friendly. Regular steam cleaning also helps destroy dust mites, some types of bacteria, fungus and mildew. 3. USER'S GUIDE USER'S GUIDE ONE YEAR LIMITED WARRANTY CONTENTS Thank you for your purchase of the amazing H2O Mop X5™. With this warranty, the H2O Mop X5™ is warranted, to the original owner, for one (1) year from the date of purchase against defects in material and workmanship under IMPORTANT SAFEGUARDS 3 - 5 normal use and service. Never use the carpet glider on surfaces Keep the Extension Hose away from your body and avoid touching the hose as it can get hot. ! CAUTION 7) When the Hand-Held Steamer stops emitting steam, simply turn off and unplug the Never assemble or remove the accessories while the unit is in operation. unit, refill the Water Tank and continue cleaning. 25 10 12. USER'S GUIDE USER'S GUIDE HOW TO USE THE H2O MOP X5™ PLEASE READ BEFORE USE 5) To steam a garment, place item of clothing on the hanger and steam the The H2O MOP X5™ is designed to thoroughly clean floor surfaces, such as marble, garment directly, ceramic, carpet, stone, linoleum, and sealed hardwood floors and parquet. Not all 6) Hold the Hand-Held Steamer in one hand and floor types are suitable for steam cleaning, grasp the handle grip on the Extension Hose with the other hand as illustrated. The heat and steam action may remove the wax on surfaces treated with wax. Do Slowly slide the Garment Steamer Head vertically, not use on unsealed flooring or let unit stand on any wood or heat sensitive floor from the top to the bottom of the garment. for an extended period of time. This could cause the wood grain to rise, in You may also reverse this motion and steam addition to other types of damage. from the bottom to the top. Curtains and draperies can be steamed while When using on vinyl, linoleum or any other heat sensitive floors, use extra caution. they are hanging. 200 much heat can melt glue in the flooring. Use only on laminated flooring that ! NOTICE has been laid professionally and without any gaps or cracks that would permit the entry of moisture. Please refer to label on item of clothing Test the H2O MOP X5™ on a small isolated area of your flooring prior to overall use to check if garment can be steamed. on any floor surface. Some fabrics like leather, suede, and velvet may not be suitable for steaming. Always check the use and care instructions of your flooring manufacturer or If you are not sure then steam a small part of the inside of the garment to test that it does not damage the fabric before steaming the entire garment distributor before using the H2O MOP X5™, or fabric. When in doubt, please consult a flooring specialist. Only use the carpet glider ! CAUTION on carpeting and rugs. Use of the carpet glider on other floor surfaces will cause CAUTION: Pulling on the Extension Hose with excessive force will damage the steaming and possibly scratching. hose, possibly resulting in a steam leak. ! NOTICE ! WARNING DANGER OF SCALDING This product emits steam and creates moisture. Water marks, discoloration Do not touch the Garment Steamer Tool/Cloth during usage, as these or damage to the floor surface can occur if the unit is left operating too components can get extremely hot. long in one place. Keep the Extension Hose away from your body and avoid touching the hose as it can get hot. 7) When the Hand-Held Steamer stops emitting steam, simply turn off and unplug the unit, refill the Water Tank and continue cleaning. 8) Once you finish cleaning allow the Garment Steamer Cloth to cool down and carefully remove it from the Duster frame, as the Coral Cloth could still be hot.
